FAST-PACED, INTERACTIVE LEARNING

WORKSHOPS

An on-site or virtual consulting workshop is an interactive, immersive experience. Taught by an ex-MBB consultant and professional instructor, our workshops focus on delivering a learning environment where students learn by doing.

“This is hands-down one of the best workshops I’ve ever attended and I’ll be using what I learned for years to come. Not only that, but the facilitation was outstanding. I will recommend this to everyone and I haven’t been able to shut up about it with colleagues and friends.” – Ohio State University

INSTRUCTOR

Our instructors are former MBB consultants with extensive teaching experience. We lead over 200 training sessions per year and bring ourselves fully to engage each program's participants in unique, fresh ways!

CASE COMPETITIONS

MC HOSTED COMPETITION

We host 1 day case competitions to provide valuable and fun experience for your students.

MC brings a unique case and the judges - all your students have to do is show up!

DEVELOP SKILLS

Students will learn and apply a wide variety of professional skills. including:

- Collaboration
- Team leadership
- Formulating business strategy
- Financial modeling
- Presentation building

LEARN ABOUT THE INDUSTRY

Obtain simulated problem-solving and teamwork experience and learn how to think like a consultant on the job.

FIRM EXPOSURE

Want to invite your employer partners to join the judges' panel at the end of the case competition? It's a great way to give your students additional exposure to employers.

You may even want to host a networking mixer afterwards for more connection!

PRICE

Starting at \$5,500 USD
